

A Family Affair – Team Member Appreciation

Summit Companies a premier Midwest region Fire and Life Safety (FLS) specialist company, with an expanding national presence, provides complete fire extinguisher, fire suppression, fire alarm & security and fire sprinkler systems and services designed to protect life and property.

On a Sunday in August, team members of the Fargo, ND Sprinkler Division gather at Lindenwood Park in Fargo to celebrate family and work colleagues.

“The sprinkler team has been continuously busy over the summer completing numerous projects and pulling a lot of overtime,” stated Summit Division Manager Josh Pearson. As a result, team members including foreman and apprentices have been away from family and friends.

Fargo Sprinkler Division Team Members Relax with Family

“I thought it would be a fun way to express my gratitude for all the team’s hard work, as well as, extend a thank you to their wives and families for the time they have to spend away from home. It was also a chance for families to get to know one another and put faces with stories we share at work” Josh stated.

The day was filled with food and fun for the thirty in attendance. The grill sizzled with hamburgers, bratwurst and Coney dogs. And a cotton candy machine for the kids. Both children and adults played bag toss, washer toss, Kubb, badminton and kickball.

Children Playing with Silly String

Cotton Candy for All

Drawings were held for a few prizes including a custom Kubb set, yard chairs, hunting knife and cooler. Further, the company gave out hand bags of goodies, which included Silly String, to all kids in attendance. Somehow, a couple of the fitters got ahold of the Silly String, and you guessed it – sprayed the boss!

“Not sure who had more fun, the children or the adults? Based on the success of the picnic, we’re most likely going to expand to the entire office next year,” Josh commented.
